</table>
1.1 ACTIVITIES FOR THE ADMISSIONS COMPONENT:

1. Provide adequate information from the initial contact with the college. Personnel who have initial contact with students are well trained and informed on all college services. (Component Standard #1.)

2. Provide written admissions materials, which are easy to understand and complete. This includes but is not limited to, the schedule of classes, college catalog, application forms, and matriculation explanations and questionnaires. (Component Standard #1.)

3. Provide additional staffing during registration in order to minimize the time needed to complete the process of admission and registration. (Component Standard #1.)

4. Provide local support for statistical reports required by the matriculation plan. Personnel responsible for other matriculation components often request information available only from the Admissions Office. (Component Standard #1.)

5. Provide special written instructions and registration material for outreach classes (courses offered off-campus as a service to the community). (Component Standard #1.)

6. Provide staff that can assist students in completing the college application or other adjunct documents necessary for admission. Since Los Angeles Harbor College is located in the city of Wilmington, a predominantly Hispanic neighborhood, Spanish/English bilingual admissions and registration clerks are available at the admissions and registration area to assist Hispanic minority students. Hispanic bilingual students are encouraged to see bilingual counselors and attend ESL orientation/assessment sessions. Additionally, admissions information is available in both Spanish and English on telephone recording. Staff members who speak other ethnic languages are available to assist language minority students when it is deemed necessary. (Component Standard #1, 2.)

7. Provide registration for continuing students (telephone/internet registration) in order to minimize the physical traffic through the Admissions area. This maximizes the available staff time for new students who need more services at this critical time. Ninety-five percent of continuing students and eighty percent of new students utilize telephone registration to enroll in classes. (Component Standard #1, 3.)

8. Enter the application information into the computer system quickly and accurately. The efficiency is critical, because students’ assessment information must match with the system. (Component Standard #1, 3.)

9. Document imaging system is operational. This will improve the ease of retrieved of documents. (Component Standard #1, #3.)
1.1 ACTIVITIES FOR THE ADMISSIONS COMPONENT:

10. Enter additional updated matriculation data into the computer system throughout the year. This includes, but is not limited to, changes in the student's compliance with matriculation components fulfilled at later dates. (Component Standard #1, 3.)

11. Provide an effective method to identify and assist students with special needs. Based on telephone or walk-in conversations with students and students' answers on admissions application forms, the admissions and registration clerks identify the students needing special services such as Extended Opportunity Programs and Services and Special Programs and Services. These students are referred to the EOPS Office, DSPS Office and other appropriate offices. Students with disabilities are given special assistance in the preparation and submission of Admissions application forms and all registration material. This assistance is provided by the registration clerks in some instances and/or by specially trained staff within the DSPS Office (These special services are provided in accordance with basic Admissions Office policies). Disabled students are exempt from certain aspects of the regular registration timetable. (Component Standard #2.)

12. Computerized information services, such as the state MIS reports, district reports and local reports, will be evaluated for their use to implement admissions services. (Component Standard #3.)
1.2 GOALS FOR THE ADMISSIONS COMPONENT:

A. Admission will be a smooth, speedy, and efficient vehicle for students entering the institution. Adequate staffing and equipment are critical to this goal. Timeframe: Ongoing. Persons responsible: Dean and staff of Admissions & Records.

B. Students will be well informed and properly directed from their initial contact with the college. Materials describing the admission process will be widely available and easy to read and understand. Timeframe: Ongoing. Persons responsible: Dean and staff of Admissions & Records.

C. The matriculation concept will be made clear to all students. Efforts to coordinate counseling services with admissions will help facilitate answers to students’ questions. Timeframe: Ongoing. Persons responsible: Dean and staff of Admissions & Records.

D. Materials, which explain the criteria for exemptions to matriculation, will be made available early in the admissions process. Timeframe: Ongoing. Persons responsible: Dean and staff of Admissions & Records.

E. The Admissions Office will maintain proper documentation essential to the matriculation process, including the tracking of student progress and follow-up. Information systems which facilitate the process will be selected and installed. Timeframe: Ongoing. Persons responsible: Dean and staff of Admissions & Records.

F. The admissions process will make reasonable accommodation for students with special needs such as disability or language barriers. Timeframe: Ongoing. Persons responsible: Dean and staff of Admissions & Records.
1.3 STAFFING FOR THE ADMISSIONS COMPONENT:

1. Admissions Assistants (7.5), Counselors (9), Secretary (1), Student Workers (4)

2. Admissions Assistants (7.5), Admissions Supervisor (2), Secretary (1)

3. Admissions Assistants (2), Student Workers (5)

2.1 ACTIVITIES FOR THE ORIENTATION COMPONENT:

1. Regularly scheduled orientation sessions are conducted for all non-exempt students throughout the academic year and summer. During these meetings, the counselors show a power point orientation to students which highlights the college programs and services available to students; academic expectations; students' rights and responsibilities; financial assistance; course scheduling; and institutional procedures, the facilities and grounds, student activities, credit card information, standards of student conduct, etc. Each student receives a folder of information, which includes a College Catalog, Schedule of Classes, a time management/schedule planning form, CSU & IGETC patterns, and a copy of each of the three graduation patterns. (Component Standard #1.)

Our monthly Nursing Group Advising sessions began as orientation breakout sessions and have become the way in which Nursing Advising takes place.

2. When the student submits a Los Angeles Harbor College application for admission, and the student is determined to be a matriculating student, he/she selects a date for new student orientation. The Admissions clerk writes the date on a matriculation sheet, which explains the matriculation components, the student's rights and responsibilities, and the matriculation regulatory provisions. (Component Standard #1, 2, 5.)

3. Computerized information services, such as the state MIS reports, district and local reports will be evaluated for their use to implement orientation activities. Matriculation services are described through the campus website. (Component Standard #1, 2, 10.)

4. By referral to the written statements in the catalog, students are informed of their right to challenge (on specified grounds) a pre- or corequisite or limitation on enrollment; their responsibility for showing that grounds exist for the challenge; and their right to file a complaint of unlawful discrimination. The catalog also informs students of their rights and responsibilities. The catalog informs students of the procedure for filing a complaint alleging unlawful discrimination in the implementation of matriculation practices. The schedule of classes lists the course Prerequisite Policy and the Prerequisite Challenge Procedures. (Component Standard #2, 3, 4.)

5. District procedures for challenging Matriculation regulatory provisions, investigation and resolution of complaints are available in writing in the Student Services Office. (Component Standard #5.)

6. Non-exempt matriculating students for whom English is a second language (ESL) are informed of the ESL and the English as a native language (ENL) assessments and orientation sessions. Students may self-select the assessment and orientation session in which they feel comfortable. Counselors conduct the orientation sessions supplemented
2.1 ACTIVITIES FOR THE ORIENTATION COMPONENT:

by a power point presentation. Our counseling staff is multi-ethnic/multicultural, and two counselors are bilingual. Counselors have attended and are encouraged to attend conferences and workshops dealing with cross-cultural/multicultural issues. (Component Standard #6.)

7. Students with disabilities are provided with the opportunity to be assessed and oriented through the Special Programs and Services (DSPS) Office. A special orientation is available in which students receive an overview (through discussion and video presentation) of all college programs and services (with heavy emphasis placed on DSPS services and programs), academic expectations, student rights and responsibilities, and college procedures. Disabled students are encouraged to participate in the mainstreamed orientation environment when possible (Component Standard # 6.)

8. Harbor College’s orientation exemption criteria are:

• Student is taking P.E., recreational or personal growth classes only and has no intention of pursuing a certificate or degree.

• Student is taking one or two classes (not English or math) to renew a license and has no intention of pursuing a certificate or degree.

• Student is concurrently enrolled at another institution and is taking one or two classes to transfer back to their home institution.

The clerks in the Admissions Office indicate on each student’s application, whether or not the student is a matriculating student based on his/her response to questions # 21, 23, 25, and 26, on the LAHC application. A student who has completed assessment and orientation at another college may submit results to a counselor. The counselor fills out a Course Eligibility/Matriculation Exemption form, gives one copy to the student and retains one copy for entry into the computer. This component can be waived for students who have completed an associate or higher degree. (Component Standard #6, 7, 9.)

9. Exempt students are informed of their right to choose whether or not to participate in this component by the Admissions staff. (Component Standard # 8.)
2.2 GOALS FOR THE ORIENTATION COMPONENT:

A. Students who have attended orientation will express a greater level of satisfaction and knowledge of college programs and services than students who have not been oriented. Timeframe: Ongoing. Person responsible: Counselors, Counseling Chair, Researcher, Assessment staff.

B. Students will move smoothly and efficiently through the registration process as a result of orientation. Timeframe: Ongoing. Person responsible: Counselors, Assessment staff.

C. Students who have attended orientation will have a greater knowledge of the college’s programs, services, expectations, procedures, graduation and transfer requirements, and greater persistence towards graduation or certificate completion than students who have not participated in orientation. Timeframe: Ongoing. Person responsible: Counselors, Researcher, Assessment Center staff.
2.3 STAFFING FOR THE ORIENTATION COMPONENT:

1. Counselors (6), Matriculation Coordinator (.5), Proctors, hourly (2), Student Services Assistant (1), Student Worker (1)

2. Admissions Assistants (5.5)

3.1 ACTIVITIES FOR THE ASSESSMENT COMPONENT:

1. All non-exempt students at Harbor College are offered an appointment for academic placement and testing (which includes language skills, mathematical computations, and multiple measures) using valid instruments approved by the State Chancellor's Office. Total time for testing is about 2 hours. During assessment, students are given information packets that explain registration procedures and services available. The Orientation Component is provided subsequent to the assessment session, either by a counselor or through a power point presentation, which is followed by a 6-question quiz. Students who need individual attention are directed to see a counselor before registration and further planning. Students are also directed to Personal Development classes to assist the student with goal setting and college skills. (Component Standard # 1, 2.)

2. During the orientation portion of the assessment session, counselors inform students of the campus services and procedures, rights and responsibilities, etc. Included in their presentation are aptitudes, interests, educational objectives and sources of college success. Counselors refer students at risk on academic or progress probation to take the College Success Factors Index Test. The Career Center provides interest and skills inventories, Eureka Computerized Career Information System, and a library of career and occupational opportunities. Counselors are available to assist students in their educational and career planning. (Component Standard # 3.)

3. New assessment instruments and software have prompted a re-evaluation of skills testing and increased interest in expanding student understanding of their study and skill. Due to budget constraints the number of Personal Developmental courses has decreased. The campus offers free hour-long seminars on various aspects of study skills. They are publicized and students are encouraged to attend. (Component Standard # 4.)

4. All assessment instruments are approved by the state chancellor. (Component Standard # 5.)

5. Tests currently being used are: ACT Compass/ESL, which utilizes multiple measures to place students into English, English as a second language and math courses. ACT Compass/ESL is used for ENL Ability to Benefit. CELSA is used for ESL-Acility to Benefit. The instruments are used only for the purposes for which they were developed and validated and are monitored by the Student Services Assistant. (Component Standard # 6.)

6. Self-reported information collected on the ACT test provides counselors, advisors, and the student with student profiles. Students are given placement advice based on their assessment scores and these multiple measures. Some of the information gathered through this process includes: work hours, last English and Math courses completed (and grades), and high school grade point average. The validated cut scores are used for placement into English, ESL and math classes.
3.1 ACTIVITIES FOR THE ASSESSMENT COMPONENT:

Students are referred to services and subsequent evaluations based on their responses to the ACT self reported demographic information.

Correlations and appropriate analyses are conducted periodically to ensure that multiple measures other than two or more highly correlated instruments are used for placement. (Component Standard # 7, 8.)

7. Students with disabilities needing modified or alternative assessment services may contact Special Programs and Services (DSPS) before or during the application process. These students are then assisted throughout the entire Assessment/Placement process through DSPS and/or the Assessment Center. DSPS counselors, a learning disability specialist, readers and writers are available to address oral presentation of material through the use of readers, untimed testing, use of special equipment, use of writers to mark tests and distraction free environment.

A special campus orientation is also available for these students. If a student with a disability does not want to participate in DSPS service offerings, they may receive modified assessment services through contact with regular college student assistants, classified staff and/or certificated staff. (Component Standard # 9)

8. We encourage incoming non-exempt students to take the Assessment/Placement tests. Students who have specific English and math classes identified by college transcript and students who have completed comparable assessments at college level are not required to take Harbor College’s assessment tests.

The Board of Trustees has adopted the policy that students may be exempted from the Assessment/Placement component and that any exemption may not be based on a sole criterion—and that each college in the District may establish their own exemption criteria. (The only “sole criterion” allowable is a completion of an AA/AS or higher degree).

Harbor College has adopted the following District exemption criteria for assessment:

- Student is taking P.E., recreational or personal growth classes only and has no intention of pursuing a certificate or degree.
- Student is taking one or two classes (not English or math) to renew a license and has no intention of pursuing a certificate or degree.
- Student is concurrently enrolled at another institution and is taking one or two classes to transfer back to their home institution.

If a student is exempt from this component, the counselor or Admission personnel enters the information in the district computer system to indicate exemption. If a student has
3.1 ACTIVITIES FOR THE ASSESSMENT COMPONENT:

transcripts, report card, or test scores from other colleges or universities, the counselor assesses the student's previous academic experience and then enters the student's recommended course placement or signs a prerequisite approval form. (Component Standard # 10.)

9. Exempted students are made aware that they may choose whether or not to participate in this component by the clerks in the Admissions & Records at the time the application is submitted. Furthermore, this information is printed in the catalog and schedule of classes. (Component Standard # 11.)

10. Other Assessment Activities (Component Standard # 12):

A. The Assessment Center is open year-round for tests and group Orientation/Placement testing.

B. Early Admissions opportunities are available for special groups, such as EOPS and DSPS, Athletes, International Students, and High School Students.

C. Nursing students take a reading test as a part of their admittance to the Nursing Program as validated.

D. All other groups are encouraged to bring their testing needs to the attention of the Assessment Center.

E. Various career interest inventories are available through the Career Center.

F. ATB and ATB-ESL are available to Financial Aid applicants.

G. The College Success Factors Index test is available for at risk students by counseling referral.

11. Computerized information services, such as the ACT, APMS, District MIS and IT on campus, and local reports are evaluated for their use to implement or support assessment services. (Component Standard # 13.)
3.2 GOALS FOR THE ASSESSMENT COMPONENT:

A. Test all incoming non-exempt students for appropriate class placement, by appointment and on a walk-in basis. Timeframe: Ongoing. Person responsible: Assessment staff.

C. Refine process for early admissions for high school students and athletes, nurses, international students, and other special populations. Timeframe: Ongoing. Person responsible: Assessment staff.

D. Coordinate with Career Center and Personal Development classes in evaluating students’ aptitudes, interests, skills, and educational objectives. Timeframe: Ongoing. Person responsible: Counseling Chair and Assessment staff.

E. Involve English & Math faculty more in assessment activities by providing Staff Development workshops for Flex credit. Timeframe: Ongoing. Person responsible: Assessment staff, Matriculation Coordinator and faculty.

F. Increase the number of computers for computerized testing for the following services when moving to a new student services building:
   - Placement in English, ESL and math courses
   - Nursing Reading Test
   - Ability To Benefit and Ability To Benefit-ESL
   - College Success Factors Index
   - Study/learning skills assessment
   - Services and needs evaluation
   - Adaptive testing for special groups (including learning disabled and other physically challenged people)

The new Student Services building is scheduled to be complete by 2008. Person responsible: Assessment staff and Matriculation Coordinator.

G. Ensure division chairs and program managers have current information relating to the Assessment Center and its relationship to Matriculation. Timeframe: Ongoing. Person responsible: Assessment staff and Matriculation Coordinator.

H. Use the SARS system to schedule all placement tests. Timeframe: June 30, 2006. Person responsible: Assessment staff and Matriculation Coordinator.
3.3 STAFFING FOR THE ASSESSMENT COMPONENT:

1. Admissions Personnel, Counselors (7), Learning Disabilities Specialist (1), Proctors, hourly (2), Student Services Assistant (1), Student Workers (1)

2. Counselors (6), Matriculation Coordinator (.5), Student Services Assistant (1)

3. Counselors (6), Student Services Assistant (1),

4.1 ACTIVITIES FOR THE COUNSELING/ADVISEMENT COMPONENT:

1. When probationary students come in for their counseling appointments, their individual circumstances are discussed with the counselor. Present and future coursework is discussed as well as the CSFI results, which will be considered for adequate referrals. Referrals to support services or curriculum offerings are made if needed. Also, the consequences of remaining on probation are discussed. (Component Standard # 1, 3.)

2. During counseling sessions, students' needs are assessed by a counselor. Information is provided as to appropriate curriculum offerings and services available on campus. A list of services appears on the Student Educational Plan. Counselors may walk a student over to a particular service area, telephone the service area to arrange an appointment if needed, or refer the student directly to the service area by using the campus map. Students attending orientation are given a list of campus services in their orientation packet and counselors emphasize ways of avoiding probation or dismissal. Students who miss the orientation given by a counselor are required to watch a one-hour power point orientation. At the end of the orientation, students are required to complete a quiz to obtain the assessment results. (Component Standard # 1, 7, 8.)

3. Counselors are available during registration on a drop-in basis to assist students with their selection of courses. Graduation and general education patterns are available in racks across from the Information Desk, in the Student Information Packet, in the College Catalog, schedule of classes, and with the counselors. Also, transfer preparation sheets for the various majors, and vocational programs brochures are available at the Information Desk. (Component Standard # 2, 7.)

4. Counselors advise students regarding course selection based on the students' specific abilities, characteristics, majors, degree objectives, assessment recommendations, prerequisites, and the availability of classes. (Component Standard # 2, 7.)

5. Students receive a copy of their SEP when it is completed. Each time a student has a counseling appointment; the counselor notes and SEPs are accessed. SEPs are updated when the student's plan changes or when they become out-of-date. These return counseling appointments provide the student with an opportunity to discuss the results of any referrals made to other services on campus, class progress, interests, course selection, and graduation/transfer plans. (Component Standard # 2, 8, 9, 10.)

6. Students who have been on probation for three consecutive semesters are subject to dismissal. A student may petition for readmission to the college and complete a dismissal contract if he or she would like to continue to enroll. During a counseling appointment, a contract is completed which addresses the student's goals, problems, prescription for alleviating the problem, the conditions under which the student will be able to continue enrollment, and a time line for meeting those conditions. After the dismissal contract is completed and the petition for readmission is submitted, the student obtains clearance to register from the Counseling Chairperson. (Component Standard # 3.)
4.1 ACTIVITIES FOR THE COUNSELING/ADVISEMENT COMPONENT:

7. Counseling is available to all students on a year-round basis, both days and evenings. Students can schedule counseling appointments in person, or by telephoning the secretary at the Information Desk. The SARS appointment system has been purchased and staff has been trained in its use. The SARS system will allow staff to electronically schedule counseling appointments. Eventually e-SARS, the on-line scheduling system, will further broaden students’ abilities to schedule counseling appointments via the Internet. Students are encouraged to see counselors by several means, such as counseling appointments, drop-in counseling, counselors at orientations, class presentations, referrals from faculty (including Early Alert), and counselors teaching Personal Development classes, and the referrals to counseling made in orientation. Students must see counselor to clear prerequisites (Component Standard # 3, 4, 5, 6.)

8. Probation and dismissal status reports are available in late February/early March (based on Fall performance), and again in July (based on Spring performance). Letters are sent to the students subject to dismissal, asking them to schedule an appointment with a counselor to develop a dismissal contract and to take the CSFI test. Letters are also sent to students on academic and progress probation. The definitions of probation and dismissal are included in the letters. (Component Standard # 3, 7.)

9. During the four to five-week registration periods for the Fall and Spring semesters, counseling appointments are available for students subject to dismissal who have holds on their registration. They must see a counselor prior to registration. (Component Standard # 3, 7.)

10. Students who are undecided about their educational goals are encouraged and invited to participate in career counseling activities. Counselors indicate the referrals on the SEP. The Career Center is described in the orientation. Career planning classes are offered most semesters. Career counseling appointments are available year-round. (Component Standard # 4.)

11. The career counselor visit classes (Psychology, Cooperative Education, Personal Development, etc.) during the semester and leads the classes in career activities that 1) encourage students to visit the Career Center, and 2) help students in their exploration of careers and college majors. (Component Standard # 5.)

12. A counselor visits the basic skills classes most semesters to discuss grade point averages, probation, student services, etc. Students are encouraged to make a counseling appointment. (Component Standard # 5.)

13. Counselors develop SEPs with all of the college’s athletes. All athletes need to have an SEP to play their sport. Also, counselors are invited to P.E major classes and present requirements for transfer, general education, AA and AS degree, etc. All athletes are
4.1 ACTIVITIES FOR THE COUNSELING/ADVISEMENT COMPONENT:

required to complete mid-term grade reports. Coaches track the grade reports. (Component Standard # 7, 9, 10.)

14. The development of the Student Education Plan (SEP) is available to all students. SEPs are done with students during appointments. (Component Standard # 8, 9.)

15. The LACC District has provided Student Services computer screens to record the SEP’s and counselor/student contacts. The SEP data appears on the Digital Equipment Corporation (DEC) System. The Matriculation Coordinator, with the other counselors and coordinators make recommendations to Information Technology to improve the screens when needed. Each counseling appointment and SEP is electronically entered on the DEC S255 screen. (Component Standard # 9.)

16. The Catalog and the schedule of classes inform students of their right to challenge (on specific grounds) a pre- or corequisite or limitation on enrollment; their responsibility for showing that grounds exist for the challenge, and their right to file a complaint of unlawful discrimination. The Catalog also informs students of the procedure for filing a complaint alleging unlawful discrimination in the implementation of matriculation practices, including alleged violation of process for developing a student educational plan. The Vice President of Student Services Office provides students with written District procedures for: challenging matriculation regulatory provisions; district investigation and attempted resolution of complaints; and methods by which the district maintains such complaints. (Component Standards # 11, 12, 13.)

17. We offer bilingual counseling and advising for students, and we have a multi-ethnic staff of counselors. Counselors have attended and are encouraged to attend conferences and workshops dealing with cross-cultural/multi-cultural issues. Although not all ethnic and language minority students are eligible for financial aid, the Extended Opportunity Programs and Services (EOPS) does offer students the same, modified matriculation services. EOPS students may submit applications via the EOPS Office and students may complete their counseling and follow-up within that office.

EOPS students are also referred to many other services on campus as needed. The EOPS counselors attend the Counseling Division Meetings with all of the counselors. (Component Standard # 14.)

18. Students with disabilities are referred to the Special Programs and Services (DSPS) Office for modified Matriculation services. DSPS provides academic, career counseling, and follow-up services. The DSPS certificated staff works closely with college faculty and community and state agencies in the provision of services for this population. SEPs are designed in response to the functional limitations of the students. Each DSPS service contact is electronically entered on DEC S255, S275 and S258 screens. (Component Standard # 14, 18.)
4.1 ACTIVITIES FOR THE COUNSELING/ADVICEMENT COMPONENT:

19. The Los Angeles Community College District has adopted district governing board policies regarding exemption criteria.

   - Student is taking P.E., recreational or personal growth classes only and has no intention of pursuing a certificate or degree.

   - Student is taking one or two classes (not English or math) to renew a license and has no intention of pursuing a certificate or degree.

   - Student is concurrently enrolled at another institution and is taking one or two classes to transfer back to their home institution.

This component is waived for students who have completed an associate or higher degree. Exempted students are made aware that they may choose whether or not to participate in this component at the time of the application. (Component Standard # 15, 16, 17.)

20. Computerized information services, such as the state MIS reports, district reports, and local reports are evaluated for their use to implement or support counseling/advising activities. (Component Standard # 18.)
4.2 GOALS FOR THE COUNSELING/ADVICEMENT COMPONENT:

A. A greater number of students will enroll in and complete appropriate courses toward transfer requirements, the associate degree and certificate programs. Timeframe: Ongoing. Person responsible: Counselors, Information Desk staff, Articulation Officer.

B. An increasing number of students on academic probation will receive counseling in order for them to succeed, and turn their grades around. Timeframe: Ongoing. Person responsible: Counselors, Student Workers, Vice President of Student Services.

C. A greater percentage of students on progress probation will see a counselor. Timeframe: Ongoing. Person responsible: Counselors, Student Workers, Vice President of Student Services.

D. Students will increase their ability to identify short and long-term educational objectives. Timeframe: Ongoing. Person responsible: Counselors, Personal Development faculty, Assessment Center staff.

E. A greater number of entering freshmen will be able to select courses appropriate to their goals. Timeframe: Ongoing. Person responsible: Counselors, Information Desk Staff.

F. An increasing number of students in Basic Skills classes will persist and enroll in college-level courses. Timeframe: Ongoing. Timeframe: Person responsible: Counselors, Personal Development, Developmental Communications, & Math faculty, Assessment Center staff, Researcher.

G. An increasing number of students will have an educational plan, which identifies courses and services needed. Timeframe: Ongoing. Person responsible: Counselors, Information Desk staff.

H. An increasing number of students who wish to transfer will be familiar with transfer requirements. Timeframe: Ongoing. Person responsible: Counselors, Information Desk staff, Transfer Center Staff, Articulation Officer.

I. An increasing number of students who wish to earn a certificate and/or a two-year degree will be familiar with the requirements and understand transfer requirements if they wish to transfer at a later date in their academic career. Timeframe: Ongoing. Person responsible: Counselors, Information Desk staff, Transfer Center staff, Articulation Officer, Vocational faculty.

J. Use of the Student Handbook and Academic Planner will increase students' awareness of student services, and enhance time management skills. Timeframe: Ongoing. Person responsible: Counselors, Personal Development faculty, Assessment Center staff, Financial Aid Director.
4.2 GOALS FOR THE COUNSELING/ADVISEMENT COMPONENT:

K. Use of the SARS appointment system will alleviate frustration on the part of students trying to schedule a counseling appointment. Timeframe: Ongoing. Person responsible: Counselors, Information Desk staff, IT staff.

5.1 ACTIVITIES FOR THE STUDENT FOLLOW-UP COMPONENT:

1. Students have access to their grades, academic status, and their semester grade point average via the LACCD website and Student Telephone Enrollment Program (STEP). Students who want a printed summary of their semester grades may request an unofficial transcript at the Admissions and Records Office. (Component Standard #1.)

2. Each semester, data processing furnishes the Counseling Office with mailing labels and a list of all students on progress probation, academic probation, academic disqualification, and progress disqualification. These students are sent letters offering support, and advising them to see a counselor. Students meet with counselors and get assistance with course and program selection, referral to specialized services such as tutoring, financial aid, Special Programs (DSPS), etc. Disqualified students may be readmitted if they meet with a counselor, develop plans for remediation of their problems, fill out a readmission petition and dismissal contract, and if they have not done so already, develop a Student Educational Plan with the counselor. For students on probation, our expansion of the probation, dismissal, and GPA workshops being held in the Basic Skills classes will spread the word about the value of making academic progress. Students on probation are also recommended to take the College Success Factor Index. (Component Standard #1, 2, 3.)

3. The Early Alert System provides post-enrollment evaluation of all students’ academic progress.
   a) The instructor identifies students who need to improve and refers them to services, if needed, by completing the Exclusion/Early Alert Roster.
   b) The instructor may also discuss problems and solutions with students before referral to service(s).
   c) Students are contacted to come in and receive assistance.
   d) Feedback to the instructors is given in the Matriculation Newsletter. (Component Standard #1, 2, 3.)

4. Disabled students who are on progress or academic probation meet with Special Programs and Services counselors. Disabled students on progress or academic probation who do not participate in DSPS are also sent a letter and are asked to meet with counselors. Disabled students who do not participate in DSPS can get needed advisement through the regular counseling office. DSPS also works closely with students needing additional monitoring/evaluative documentation for clients of state or community agencies. Special DSPS personnel review the functional limitations of each disabled student and modify the service levels as appropriate. The progress of disabled students (measured by course completion and final grades) is evaluated at the end of every semester prior to the next semester’s registration. (Component Standard #1, 2, 3, 4.)
5.1 ACTIVITIES FOR THE STUDENT FOLLOW-UP COMPONENT:

5. All EOPS student are required to have at least three counseling contacts each semester. Students’ progress is monitored and necessary referrals for services are made. EOPS students turn in midterm progress reports, and appropriate referrals and/or counseling is provided. (Component Standard #1, 2, 3, 4.)

6. We provide alternative services for ethnic and language minority students through the International Student Advisor. Ethnic minority students who are not bilingual receive the same services as ethnic “majority” students. (Component Standard #1, 2, 3, 4.)

7. We will better promote the Career Center services by redeveloping the career center advertisements and expanding Personal Development classes. (Component Standard #1, 3.)

8. A counselor visits the pre-collegiate basic skills classes to explain what academic probation is, how students can stay off probation, and what support services are available on campus. (Component Standard #1, 3.)

9. Students who initiate follow-up counseling will have their academic progress evaluated, and be advised on course selection, transfer requirements, student services, and other areas of student concern. (Component Standard #1, 3.)

10. We shall continue counseling for financial aid students who are petitioning to stay eligible for financial aid monies. These students complete an SEP during their appointments. (Component Standard #2.)

11. We maintain programs including the Transfer Center and the Honors Programs to facilitate transfer to four-year institutions. (Component Standard #3.)

12. We maintain the Counseling Bulletin Board in the Administration Building, which gives institutions, workshops, applications deadlines, testing dates, and other information of student interest. (Component Standard #3.)

13. Faculty and staff can refer students to appropriate services at any time during the year. (Component Standard #3.)

14. Participation in the Job Fair provides students with the opportunity to talk with instructors, professionals in various fields, and counselors. (Component Standard #3.)

15. Each semester workshops or seminars are offered on topics such as: reading textbooks; note-taking; getting that “A,” study strategies; time management; test preparation; survival skills in a new culture; managing stress; and transferring. A student who indicates a need on the study skills survey in Assessment receives referral information on their assessment printout. In Orientation and in the new student packets students are informed of seminars, English/speech, reading or math laboratories, Personal

Development courses and counseling. (Component Standard #3, 4, 5.)

16. Bilingual counselors will provide follow-up services for Spanish-speaking students with counseling needs. Counselors make referrals to other services, such as tutoring, which currently has bilingual tutors in a variety of languages. (Component Standard #4.)

17. We provide Community Services non-credit classes for limited English speakers. (Component Standard #4.)

18. Computerized information services, such as the state MIS reports, districts reports, and local reports are evaluated for their use to implement, support, and monitor and/or track follow-up services. (Component Standard #5)

19. The SARS-Suite (Scheduling and Reporting System) Software has been installed in EOPS, Counseling, Information Desk Recruitment Office, Financial Aid, Assessment Center, Admissions and Records office computers contacts to schedule counseling and to track students' counseling appointments and drop-in contacts. (Component Standard #5.)
5.2 GOALS FOR THE STUDENT FOLLOW-UP COMPONENT:

A. A greater percentage of students who follow-up with counselors will attain their academic goals than those who do not follow-up with counselors. Timeframe: Ongoing. Person responsible: Counselors, Matriculation Coordinator

B. Students who follow-up with counselors will express greater levels of satisfaction with college than students who do not follow-up. Timeframe: Ongoing. Person responsible: Counselors, Matriculation Coordinator

C. Each year the number and percentage of students having follow-up will increase. Timeframe: Ongoing. Person responsible: Counselors, Matriculation Coordinator

D. Students will utilize campus services from which they will benefit. Timeframe: Ongoing. Person responsible: Counselors, Matriculation Coordinator

E. Students in academic difficulty who follow through with the Early Alert System will have more academic success than those who do not follow through. Timeframe: Ongoing. Person responsible: Counselors, faculty, Matriculation Coordinator

F. Students’ academic progress will be monitored through computer technology as well as repeated human contact. Timeframe: Ongoing. Person responsible: Counselors, Matriculation Coordinator

G. Monitor the use of the Success Factors Index test and determine if it is beneficial to students and to keep it for the following years. Timeframe: Ongoing. Person responsible: Counselors, Matriculation Coordinator.

H. Student Athletes will increase counseling contact, and maintain focus on their academic curriculum to graduate or transfer to a four year institution. Timeframe: Ongoing. Person responsible: Counselors, Matriculation Coordinator, Faculty.

I. Students’ counseling contacts will be tracked through SARS-Suite System to have accurate data for future state funding. Timeframe: Ongoing. Person responsible: Counselors, Matriculation Coordinator

J. Encourage more faculty participation in the Early Alert System in both Fall and Spring semester to keep and track student data to provide data reports. Timeframe: Ongoing. Person responsible: Matriculation Coordinator, Faculty, and Dean of Admissions.

K. Use the SARS Suite system to track student's counseling and assessment contacts, students on progress and academic probation, academic and progress disqualification, and dismissed students; as well as, to call students who are on the Early Alert roster to encourage them to talk to their instructors or to make a counseling appointment. Timeframe: Ongoing. Person responsible: Matriculation Coordinator, Counseling Chair, Student Services Assistant.
5.2 GOALS FOR THE STUDENT FOLLOW-UP COMPONENT:

6.1 ACTIVITIES FOR THE COORDINATION/TRAINING COMPONENT:

1. The Matriculation Advisory committee meets once a month to facilitate matriculation, make decisions, develop programs, services and training in Admissions, Orientation, Assessment, Counseling/Advisement, Follow-up, and Research and Evaluation. (Component Standard #1.)

2. In Admissions, staff has regular meetings, wherein necessary matriculation training occurs. Written materials are provided to staff when necessary, and staff development workshops/seminars are available. The Dean of Admissions attends monthly Matriculation Advisory meetings; and other conferences/workshops as needed. (Component Standard #1.)

3. For Orientation, counselors meet, discuss and implement improvements and changes that can be made in the orientation process. The matriculation coordinator, who is a counselor, informs applicable staff of new requirements and procedures. Written information is provided to all counselors concerning priority topics to be covered, such as Student Educational Plan and graduation requirements, etc. (Component Standard #1.)

4. The Student Services Assistant of the Assessment component identifies training needs with respect to assessment and provides training and written information to all applicable staff. The Student Services Assistant attends monthly Matriculation Advisory Committee meetings and Matriculation/Assessment conferences that deal with Assessment. (Component Standard #1)

5. The Counseling staff is informed of new procedures and requirements regarding matriculation. As new procedures are implemented, training and written materials are provided. Usually discussion takes place at the counselors’ meetings as to the best way of providing services to students. Counselor skills and knowledge are also updated through workshops and conference attendance. The Counseling Chairperson and Matriculation Coordinator/Counselor attend monthly Matriculation Advisory Committee meetings, and work closely with each other to coordinate activities, to identify training needs, and to provide training. (Component Standard #1.)

6. For the Follow-up component, all applicable staff are informed of new procedures and requirements by the Matriculation Coordinator. The new procedures are discussed in monthly Matriculation Advisory Committee Meetings and Counselors’ meetings before implementation occurs. (Component Standard #1.)

7. The Assistant Research Analyst will continue participation in conferences on research and evaluation. Districtwide Research Committee meetings are held monthly. The Assistant Research Analyst also participates in the monthly Matriculation Advisory Committee Meetings. (Component Standard #1.)

8. Training for faculty and staff about matriculation-related issues, are provided for Harbor Colleges' FLEX activities. (Component Standard #1.)
6.1 ACTIVITIES FOR THE COORDINATION/TRAINING COMPONENT:

9. Matriculation Newsletters are distributed to all faculty & staff. Announcements are also made through electronic bulletins. Early Alert instructions are distributed to all faculty. Early alert letters are printed on campus and are mailed to students who are at risk and were referred by Instructors. Student Handbook and Academic Planner will be distributed to new, continuing, and returning students if budget is available. (Component Standard #1.)

10. Appropriate staff will continue to participate in conferences, workshops and meetings regarding various components of matriculation. (Component Standard #1.)

11. A "Student Worker Training Manual" is distributed to Information Desk and Assessment student workers, at the time of training. (Component Standard #1.)

12. A proctors training manual is updated periodically and given to proctors.

13. The Matriculation Coordinator meets regularly with other Matriculation Coordinators within the Los Angeles Community College District and Region 7 to coordinate and develop matriculation. (Component Standard #1, 2.)

14. The Matriculation Coordinator meets regularly with other Matriculation Coordinators within the Los Angeles Community College District and Region 7 to coordinate and develop matriculation. (Component Standard #1, 2.)

15. The Matriculation Coordinator meets monthly with the Student Services Assistant of the Assessment Center to coordinate and schedule assessment/placement tests (Component Standard #1.)

16. Admissions and Records office, EOPS, DSPS, Assessment, Financial Aid, and Recruitment Staff were trained to use the new Scheduling And Reporting System (SARS) to schedule counseling and assessment appointments. (Component Standard #1, #2.)

17. Counselors were trained to use the new Scheduling And Reporting System (SARS) which would help them monitor student counseling appointments, keep counseling notes, and track student information to generate statistical reports to the CCC Chancellor’s Office. (Component Standard #1, #2.)
6.2 GOALS FOR THE COORDINATION/TRAINING COMPONENT:

A. Students who have experienced the process of matriculation will express a greater level of satisfaction with college procedures than students who have not experienced matriculation. Timeframe: Ongoing. Person responsible: Matriculation coordinator, Counseling Chair, Counselors.

B. Students who have received a student Handbook and Academic Planner will be well informed of the L.A. Harbor student support services and resources, and therefore perform better in college. Timeframe: Ongoing. Person responsible: Matriculation coordinator, Counseling Chair, Counselors.

C. Staff and student workers who have been trained in Public Relations and office procedures will have a greater understanding and knowledge of college procedures. Timeframe: Ongoing. Person responsible: Matriculation coordinator, Counseling Chair, Counselors, Student Workers.

D. Faculty and staff will have a greater knowledge of matriculation. Timeframe: Ongoing. Person responsible: Matriculation coordinator, Counseling Chair, Counselors, Faculty and staff.

E. Faculty and staff will participate more than in previous years in areas of matriculation. Timeframe: Ongoing. Person responsible: Matriculation coordinator, Counseling Chair, Counselors, Faculty and staff.

F. Faculty and Staff will have greater understanding of matriculation. Timeframe: Ongoing. Person responsible: Matriculation coordinator, Counseling Chair, Counselors, Faculty.

G. Faculty and staff who are trained in matriculation will provide better service to students. Timeframe: Ongoing. Person responsible: Matriculation coordinator, Counseling Chair, Counselors, Faculty and staff.

H. Faculty and staff who are provided with SARS computerized counseling and assessment appointment systems access, will keep track of student records accurately. Timeframe: Ongoing. Person responsible: Matriculation coordinator, Counseling Chair, Counselors. Student Workers, Faculty and staff.

I. Issue the Matriculation Newsletter to inform faculty, staff, and students of Matriculation issues at local, region, and state level. Timeframe: Ongoing. Person responsible: Matriculation Coordinator.

J. Coordinate with the Cut Scores Subcommittee the English and Math revalidation test scores to assure proper placement and to increase academic success in a timely manner. Timeframe: June 2006. Responsible person: Matriculation Coordinator, Math and English faculty, Student Services Assistant, Assistant Research Analyst, Cut Scores Subcommittee members.
6.2 GOALS FOR THE COORDINATION/TRAINING COMPONENT:

7.1 ACTIVITIES FOR THE RESEARCH AND EVALUATION COMPONENT:

1. In order to evaluate the efficiency of matriculation services, and remedial programs and services, the college has established an Office of Institutional Research supervised by the Dean of Planning, Research and Special Projects.

   In order to conduct matriculation research, data files have been developed and maintained. Over 50 variables are available, including ethnicity, gender, age, primary language, disability, goals, assessment scores, placements, and course grades. Research staff produces summary reports regularly. In addition, student information is available to the Research Analyst using direct computer access. (Component Standard #1.)

2. The college is committed to test instruments that have been approved by the CCC Chancellor. The Department Chairs and staff review the use of all tests to ensure that they are used appropriately, including intended use and proper administration. Currently, all assessment instruments have approval from the State for local use.

   The assessment instruments are evaluated to ensure that they minimize or eliminate cultural and linguistic bias. Test results and placement data are maintained in a computer database which is matched with course enrollment data and grades to carry out research on predictive validity and disproportionate impact. (Component Standard #2.)

3. The assessment database files are used to monitor disproportionate impact. Statistical tests are performed to analyze assessment results by ethnicity, gender, age, and disability. In the event of evidence of disproportionate impact, a plan will be developed to seek correction of the problem. Reevaluation after the plan takes effect will be conducted in a timely manner. (Component Standard #3.)

4. To analyze the degree of matriculation's impact on courses and facilities, reports are generated by individual course levels in English, math, and ESL with the number of placements, available seats, and course enrollments. Program impact is measured by comparing matriculation program participants in such areas as counseling, tutoring, and learning assistance (particularly using student surveys), with students not participating in these services as well as student records prior to participation. (Component Standard #4.)

5. In order to assess effectiveness of matriculation on students' goals, student records (including student feedback) are analyzed to determine changes in student goals over time in relation to matriculation component completion. (Component Standard #5.)

6. Statistical analysis using longitudinal archival study, follow-up questionnaires, and selected interviews are conducted to determine the impact of matriculation on student outcomes, persistence, skill improvement, grades, and goal attainment. (Component Standard #6.)
7.1 ACTIVITIES FOR THE RESEARCH AND EVALUATION COMPONENT:

7. The college conducts analyses of the degree to which matriculation assists district efforts to assess educational needs within matriculation components and funding through evaluations, including the Counseling Department and computerized database means. (Component Standard #7.)

8. The college conducts analyses of course placement recommendations in English, math and ESL and compares available seats and course enrollment. (Component Standard #8.)

9. The college maintains records to determine the number of student referrals to support services and programs that are made in the matriculation process. Referrals are also made through Early Alert and records are maintained on those referrals. Records track the degree to which matriculation provides students the specialized support services and programs to which they are referred. (Component Standard #9.)

10. The student enrollment database is used to determine ethnicity, gender, and age of credit students. Statistical records are kept and compared on a regular basis. (Component Standard #10.)

11. Student placement data is maintained and analyzed to determine the placement in pre-collegiate, associate degree-applicable, and transfer courses in reading, writing, computation, or ESL by ethnicity, gender, age, and disability. (Component Standard #11.)

12. Student enrollment data is maintained and analyzed to determine the proportion of students of ethnic, gender, age, and disability groups who enter and complete pre-collegiate basic skills courses. (Component Standard #12.)

13. Student enrollment data is maintained and analyzed to determine the proportion of students of ethnic, gender, age, and disability groups who complete pre-collegiate basic skills courses and who subsequently enter and complete associate degree applicable courses. (Component Standard #13.)

14. The Counseling Chair keeps records of the students exempted by category and grounds for exemption. These records are evaluated on a regular basis. (Component Standard #14.)

15. Information on students filing complaints is reported to the Vice President of Student Services, who records the number of complaints and the basis of those complaints. (Component Standard #15.)

16. Records are kept on particular matriculation services received by each non-exempt student. Documentation is evaluated on a regular basis. (Component Standard #16.)
7.1 ACTIVITIES FOR THE RESEARCH AND EVALUATION COMPONENT:

17. Management Information System (MIS) and District information services (DEC) are utilized to implement and support research and evaluation activities. Local computer information access has been developed to provide additional and more accessible information. Information available only at the local campus is inputted and analyzed by the college research staff. (Component Standard #17.)
7.2 GOALS FOR THE RESEARCH AND EVALUATION COMPONENT:

A. Evaluate the extent to which each matriculation component has achieved its goals and identify needed areas of improvement. Timeframe: Ongoing. Person responsible: Assistant Research Analyst, Dean of Research

B. Conduct assessment research in accordance with the Title V regulations to comply with component standards.
   1. evaluate assessment bias
      * for cultural bias
      * disproportionate impact
      * test instrument reliability
      * test instrument validity
      * consequential validity
   2. evaluate effectiveness of placement recommendations
      Timeframe: Ongoing. Person responsible: Assistant Research Analyst, Dean of Research

C. Measure the impact of matriculation on student success. Timeframe: Ongoing. Person responsible: Assistant Research Analyst, Dean of Research

D. Set realistic timelines for completion cycles of the preceding goals. Timeframe: Ongoing. Person responsible: Assistant Research Analyst, Dean of Research

8. PREREQUISITES, COREQUISITES, AND ADVISORIES ON RECOMMENDED PREPARATION

Los Angeles Harbor College has adopted the District Model exactly. In 1998 the college developed a Requisite Manual to assist instructors and the Curriculum Committee in ensuring full compliance with pre-co-, and advisory requisite standards. Each year, legislation is reviewed and the manual is revised as necessary. Revisions also include updates on frequently asked questions.

Records of completed research results are provided to the Curriculum Committee and available with supporting documentation in the Office of Instructional Research.

8.1 ACTIVITIES FOR THE PRE-AND CO-REQUISITES, AND ADVISORIES COMPONENT:

1. The Matriculation Advisory Committee Chair in cooperation with qualified faculty coordinates the Requisite Challenge process for a prerequisite or a corequisite, see Requisite Challenge Form Petition form from 3/12/03. (Component Standard # 1, 2, 9, 10, 11.)

2. English and Math cut scores are periodically analyzed by the English and Math faculty to assure accurate students’ placements. (Component Standard # 5.)

3. The Office of Academic Affairs describes in every semester’s class schedule and college catalog, the college policies and procedures regarding prerequisites, co-requisites, advisories, and limitations of enrollment. (Component Standard # 1, 12.)

4. Faculty members initiate requests for new requisites and update of preexisting requisites and co-requisites to submit them to the Curriculum Committee for approval. (Component Standard # 6, 7.)

5. The Curriculum Committee meets once a month to review the recommendations of the respective faculty disciplines to update requisites. (Component Standard # 3, 6, 7.)

6. A student has to show completion of a requisite and/or a co-requisite for a course during registration time. (Component Standard # 9.)

7. Requisites are checked automatically during registration by enrollment software system.
8.2 GOALS FOR THE PRE AND CO-REQUISITES, AND ADVISORIES COMPONENT:

A. By enforcing and reviewing requisites, co-requisites, and advisories at least every five years, students will achieve maximum success in their classes.

B. The Curriculum Committee reviews Course Outlines on a five year cycle.

C. The College undertook the task of updating all active course outlines Fall 2005.
8.3 STAFFING FOR THE PRE-AND CO-REQUISITES, AND ADVISORIES COMPONENT:

1. 0.2 FTE release time for Curriculum Committee Chair (Faculty member).

2. Campus Curriculum Committee members both faculty and administration, and Curriculum Chairs’ Committee District wide.

Matriculation is a state-mandated process designed to help new students in completing their educational goals successfully. Students entering Los Angeles Harbor College are required to complete the following Matriculation Procedures: Assessment, Orientation, and Counseling, in order to assist each student in successfully planning for the completion of his/her educational goals.

I understand that if I refuse to complete the following component(s) of the Matriculation Process, it might affect my success and that I am still required to meet requisites before enrolling in any class.

I refuse to complete the following component(s) of the Matriculation Process:

- [ ] Assessment
- [ ] Orientation
- [ ] Counseling
