

Nutrition and Dietetics Associate Degree for Transfer (ADT)

TMC

The Associate in Science in Nutrition and Dietetics for Transfer (AS-T) degree is intended for students planning to transfer into a Bachelor of Science program in Nutrition and Dietetics/Food Science or related areas at a California State University (CSU); guaranteeing admission to the system (but not to a specific campus), and priority consideration for admission to the equivalent CSU program. Students should consult with a counselor when planning to complete the degree for more information on university admissions and transfer requirements, as individual schools may require different or additional coursework to that listed for the AS-T in Nutrition and Dietetics. This degree complies with The Student Transfer Achievement Reform Act (Senate Bill 1440).
